## CONFERENCE INFORMATION

*This is the 16<sup>th</sup> year the Michigan Airport Conference has been held by the Michigan Association of Airport Executives (MAAE) and Michigan Multi-Modal Transportation Services Bureau-Aeronautics. By co-sponsoring this conference, we are able to provide airport sponsors, managers, consultants, and others interested in aviation the opportunity to meet in an open forum to share information and ideas. The conference also provides a versatile medium to inform attendees regarding changes and opportunities available to airport communities. The presence of vendors accentuates the availability of new equipment, products and processes, etc., that can be readily examined and provide hands-on opportunities. To have consultants available to explain their varying areas of expertise is another opportunity not to be missed.*

## AGENDA AND SPEAKERS

*Wednesday morning sessions promises to be a great time to hear from the MDOT leadership as well as the latest news from the FAA. Jeri Alles, Manager of the Airports Division, FAA/Great Lakes Region, who will be joined by Irene Porter, Manager of the Airports District Office-Detroit and others on the FAA leadership team, will speak to us on the latest aviation news and developments. In addition, Gary Neilsen from the FAA Central Planning & Requirements office will provide us with an AFTIL Presentation Demo. The Wednesday luncheon speaker is Steve Young from G.C.S.I. Associates Services who will tell us about current aviation legislative issues. The afternoon Air Carrier and General Aviation round table discussions will be preceded by a panel discussion on Winter Operations to include representatives from the FAA, state and private industry.*

*Thursday you won't want to miss the General Aviation Future and Survival Panel Discussion. The grand finale of our conference will be our most honored tradition of recognizing the Airport Sponsor and Consultant of the Year followed by the grand prize drawing. You won't want to leave early!*

## AGENDA
